Ideas to support your child's learning at home.

- Use the weather and environment to extend your child's vocabulary or understanding. (Shadows, puddles, mist, rain)
- Talk about the letters, words, numbers and colours you see when you are out and about.
- Sing songs and tell nursery rhymes.
- Build dens using old sheets inside and outside.
- Put some music on and have a dance together.
- Cook/bake together and explore and talk about the ingredients.
- Look in a mirror with your child and watch the shapes your mouth makes when you say letter sounds and words.
- Share books. Look at the pictures and ask questions about the story.
- Talk about the letters, words, numbers and colours you see when you are out and about.
